YOU ALL

HAVE HEARD OF

HOOFLAND'S GERMAN BITTERS,

AND

HOOFLAND'S GERMAN TONIC.

Prepared by Dr. C. M. Jackson, Philadelphia.

Their introduction into this country from Germany occurred in

1825.

THEY CURED YOUR

FATHERS AND MOTHERS,

And will cure you and your children. They are entirely different from the many preparations now in the country called Bitters or Tonics. They are no tavern-preparation, or anything like one; but good, honest, reliable medicines. They are

The greatest known remedies for

Liver Complaint,
DYSPEPSIA,
Nervous Debility,
JAUNDICE,
Diseases of the Kidneys,
ERUPTIONS OF THE SKIN,

and all Diseases arising from a Disordered Liver, stomach, or

IMPURITY OF THE BLOOD.

Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil and Great Depression of Spirits.

All these indicate diseases of the Liver or Digestive Organs, combined with impure blood.

HOOFLAND'S GERMAN BITTERS

is entirely vegetable and contains no liquor. It is a compound of Fluid Extracts. The Roots, Herbs, and Barks from which these extracts are made, are gathered in Germany. All the medicinal virtues are extracted from them by a scientific Chemist. These extracts are then forwarded to this country to be used expressly for the manufacture of these Bitters. There is no alcoholic substance of any kind used in compounding the Bitters, hence it is the only Bitters that can be used in cases where alcoholic stimulants are not advisable.

HOOFLAND'S GERMAN TONIC

is a combination of all the ingredients of the Bitters, with PURE Santa Cruz Rum, Orange, etc. It is used for the same diseases as the Bitters, in case where some pure alcoholic stimulus is required. You will bear in mind that these remedies are entirely different from any others advertised for the cure of the diseases named, these being scientific preparations of medicinal extracts, while the others are mere decoctions of rum in some form. The TONIC is decidedly one of the most pleasant and agreeable remedies ever offered to the public. Its taste is exquisite. It is a pleasure to take it, while its life-giving exhilarating, and medicinal qualities have caused it to be known as the greatest of all tonics.

DEBILITY.

There is no medicine equal to Hoofland's German Bitters or Tonic in cases of Debility. They impart a tone and vigor to the whole system, strengthen the appetite, cause an enjoyment of the food, enable the stomach to digest it, purify the blood, give a good, sound, healthy complexion, eradicate the yellow tinge from the eye, impart a bloom to the cheeks, and change the patient from a short-breathed, emaciated, weak, and nervous invalid, to a full-faced, stout, and vigorous person.

Weak and Delicate Children are made strong by using the Bitters or Tonic. In fact, they are Family Medicines. They can be administered with perfect safety to a child three months old, the most delicate female, or a man of ninety.

These remedies are the best

Blood Purifiers

ever known and will cure all diseases resulting from bad blood. Keep your blood pure; keep your Liver in order, keep your digestive organs in a sound, healthy condition by the use of these remedies, and no diseases will ever assail you. The best men in the country recommend them. If years of honest reputation go for anything, you must try these preparations.

FROM HON. GEO. W. WOODWARD,

Chief Justice of the Supreme Court of Pennsylvania.

PHILADELPHIA, March 16, 1867.

I find that "Hoofland's German Bitters" is not an intoxicating beverage, but is a good tonic, useful in disorders of the digestive organs, and of great benefit in cases of debility and want of nervous action in the system.

Yours Truly,
GEO. W. WOODWARD

FROM HON. JAMES THOMPSON.

Judge of the Supreme Court of Pennsylvania.

PHILADELPHIA, April 28, 1866

I consider "Hoofland's German Bitters" a valuable medicine in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it.

Yours, with respect,
JAMES THOMPSON.

FROM REV. JOSEPH H. KENNARD, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

DR. JACKSON—DEAR SIR:—I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes. Yours, very respectfully,

J. H. KENNARD,
Eighth, below Coates Street.

THE DECLINING YEAR.—We find floating around loose, the following very beautiful tribute to the declining year:

"The year begins to tremble with decay,
Like an old man who leans upon a staff,
And in a graveyard reads the epitaph
Of all his offspring who have passed away;
But yet soft breezes with his thin locks play,
Scattering his sadness with a jocund laugh,
While the great sun yet warm in his behalf,
And with his dark keeps Winter still at bay.
Yes, soothed and flattered in full many ways,
Though all the fields be bare and wood-lands sere,
Half hidden from his sight by thickening haze,
Serenely smiles the slow declining year,
Like one who has in goodness spent his days,
And waits his coming end without a fear.

ISABELLA II. OF SPAIN.

BY JAMES PARTON.

Unhappy Spain! It had been cursed for nearly two centuries by a royal family which has united the pride and languor of all Spaniards, with the obstinacy and ignorance of the Bourbons. Isabella II., the tawdry, idle, sensual woman just driven from the throne of Spain, fitly ends a dynasty which has never contributed to the throne a respectable individual.

Her full name was Marie Louise Isabel, and she was born in 1840. Her father was that absurd, incompetent Ferdinand VII., whom Napoleon deprived of his crown, in order to place it upon the head of Joseph Bonaparte. This Ferdinand, as the reader may remember, was so infatuated by Napoleon that he sent from his French prison, "his sincere compliments to the Emperor upon the installation of his well beloved brother upon the throne of Spain." Nay, more, the dethroned monarch wrote to Joseph soliciting the "honor of his friendship," and asking to be decorated with the grand cordon of his order. At the same time, he sent him proclamations, signed by his own hand, calling upon his late subjects to submit to their new sovereign. At the chateau assigned him by Napoleon, he celebrated the victories of that conqueror by fireworks and illuminations, and especially did he thus celebrate the victories gained by Napoleon over the Spanish. Having asked in vain the hand of an Imperial Princes in marriage, he stooped to write to one of Napoleon's Senators words like these:

"That which occupies me at present is the ardent and cherished desire of my heart to become the adopted son of his majesty the Emperor, *our* august sovereign."

After degrading himself and his country thus, he was allowed, upon the settlement of European affairs, to return to Spain, and reascend the throne. Then, with his usual weakness, he fell into the hands of bad advisers who caused him to revive the Inquisition, and return to the system of absolute government. There never was a worse king. He would have ruined Spain, if Spain had not existed in a state of ruin for a hundred years. He was one of those bad, weak monarchs who are as ungrateful to their friends as they are to their enemies. One day, loyal volunteers came to salute him, he said to the attendant courtiers:

"These are the same dogs, with different collars."

There times this royal fool had been married: but each of his wives in succession had died, without leaving an heir to the throne. In 1829, he married a daughter of the king of Naples, who a year after gave birth to Isabella, the subject of this article. She came of bad blood on both sides; for it is difficult to say which royal family was the more detestable, that of Naples or of Sain.

Ruled by his new wife (for it was a necessity of his nature to be ruled by somebody) the king now promulgated an edict which was the cause of lasting calamities. For a hundred and fifty years the Salic law had been in force in Spain, which excludes females from the throne. According to this law, and according to public expectation, Don Carlos, the king's brother, was the heir presumptive, and the new born infant was excluded. Ferdinand's young wife, however, three days after the birth of Isabella, prevailed upon him to issue a decree which annulled the Salic law, and re-established the right of females to inherit the crown.

Soon after to appease the anger of his brother Carlos, he rescinded the decree. A little later, overcome by the reproaches of his wife and his wife's family, he re-established it. Soon after this second promulgation, the poor weak king died, leaving to his daughter, aged two years and eleven months, a disputed succession, and to Spain a civil war. The queen mother was appointed Regent of the kingdom. To ingratiate herself with the people, she granted a liberal constitution. The Cortes, soon after, formaly accepted her daughter as Queen of Spain, and, as formally, rejected the claim of Don Carlos. That prince, however, at the head of a formidable party, maintained the contest for seven years, during which some of the fairest provinces of Spain were devastated by fire and sword. In August, 1839, the forces of Don Carlos were finally defeated by Espartero, and the Prince himself sought refuge in France. He subsequently retired to Austria, where he lived for many years, and where, I think, he is living still, a quiet harmless old man of eighty.

During the minority of Isabella, the history of Spain consists only of the struggles of rival politicians, and partial, fruitless revolts. In Spain, as every where else on earth, there was a liberal party and a conservative party, both contending for the possession of the government. Sometimes the tories triumphed. Then an insurrection would give a brief ascendancy to the liberal party. Ministries were formed, only to be dissolved. The mother of the young Queen became, at length, so odious, that she was compelled to seek safety in France, and on her return she gave herself up completely to the conservatives, and placed the whole of Spain under military law. Meanwhile, the Cortes declared the young Queen, when she was not yet fourteen years of age, to have attained her majority.

At sixteen, Isabella II. was a robust, rosy and handsome girl, distinguished for nothing, except, perhaps, an unusual love of pleasure and decoration. The question of her marriage agitated Europe. England offered Prince Leopold of Coburg; Russia recommended a son of that Don Carlos who had fought seven years for her throne; Louis Phillipe of France was in favor of her cousin, Francis, Duke of Cadiz, the son of her father's brother; and other powers favored the pretensions of a Prince of Sicily. The crafty politices of Louis Phillipe carried the day, and she married her cousin when she was not quite seventeen. At the same time the Duke Montpensier, a son of the king of the French, married the Queen's sister.

Her reign has been a continuous scandal. Indolent, luxurious, and vain, she has not even had the grace to set an example of common decency to her subjects. Lover has succeeded lover; so that, although she has had several children, two of whom are living, the Spaniards do not believe that she has presented them with a legitimate heir to the throne. Absorbed in pleasure, it was only with the greatest reluctance that she attended to the most necessary business of the kingdom. She rose about ten, and passing to her boudoir, occupied herself with gossip, games and the toilet until dinner time, which in Spain is earlier than with us. After dinner it was her custom to repair to the garden where she frequently spent some hours in dancing and other amusements. In the evening, assuming an attire more magnificent, she went to the theatre; and on her return, proceeded to her music room, where she occupied herself with music until two in the morning, when she took a supper and went to bed. If ministers came to the palace on public business, she almost always kept them waiting a considerable time, and frequently sent them away without having seen them.

Every decent human being in Spain looked upon the scandals of the palace with disgust, contempt and shame; remembering that there was once upon the throne an Isabella of more than spotless fame. The Spaniards, with all their faults, have great pride of character and the country. The men, as a rule, are honorable, the women as a rule, are chaste. The spectacle of a fat and sensual woman, loaded with hereditary jewels of the spanish crown, livsuch a life as Catharine of Russia lived but without posessing a spark of Catharine's talent or patriotism, became at length intolerable.

Seldom has a revolution taken place with so little violence. The spirit of revolt appears to have pervaded the the whole kingdom, and to have animated every breast. When a party of dragoons appeared to clear the public square of Madrid, the people hung around their horses' necks, and begged the soldiers to take sides with their country. When the troops hesitated and the people surrounded them and kept them from advancing by their weight and number. In a few minutes the officer in command waved his cap in token that the soldiers had joined the people. The animosity of the multitude appeared to be directed against the persons and character of the odious Queen and her contemptible husband. The busts and inscriptions, bearis the name of the Queen, or Royal Arms, were taken down everywhere, and trodden in the dust! but, with the exception of such harmless violence as this, the behavior of the people was excellent.

Spain then, has shaken off the incubus which condemned her as the by-word of Europe, the bulwark of bigotry and reaction. It remains to be seen whether there is wisdom and virtue enough in the country to form and support a constitutional government and bring up laggard Spain nearer the van of progressive nations. As to the dethroned Queen, she took care, it is said, to accumulate enormous private wealth, a small portion of which will suffice to maintain her, in her exile, in a style Superior to that enjoyed by most women of her class.

HINDOO WRITING.—Writing is a curious art as practiced by the Hindoos. They may be often seen walking along their native streets writing a letter. An iron stile and a palm leaf are the impliments. In writing, neither chair or table is needed, the leaf being supported on the middle finger of the left hand, and kept steady with the thumb and forefinger. The right hand does not, as with us, move along the surface but after finishing a few words the writer fixes the point of the iron in the last letter, and pushes the leaf from right to left so that he may finish the line. The characters are rendered legible by besmearing the leaf with inklike fluid. A letter is generally finished on a single leaf which is involved in a second, whereupon is the address.

EFFECT OF TOBACO ON BOYS.—Dr. Decasne, engaged in investigating the influence of tobaco on the circulatory system, had his attention called to the large number of boys between the age of nine and fifteen years who are addicted to smoking. Of thirty-eight boys who smoked, twenty-seven showed distinct symptoms of disease. Thirty-two had various disorders of circulation; *bruit de souffle* in the neck, disordered digestion, palpitation, slowness of intellect, and more or less taste for strong drinks. Eight showed a diminution of the red corpuscules of the blood; three had intermittant pulse; twelve quite frequent epitaxis; ten disordered sleep; and four ulceration of the mucus membrane of the mouth.

ON PRESIDENTS AND RELIGION.

A New York correspondent of the Boston paper writes:

The fact that Gen. Grant passed a Sabbath at West point and did not attend church, though the Post Chaplain officiated near him, has been commented on by the press generally. It is somewhat a singular fact that as far as it is known no President of the United States since the days of Washington has been a communicant in a church. John Adams was the representative of the liberal community of his day. Jefferson was styled a free-thinker. An attempt was made when Jefferson was a young man to make the Episcopal Church the established religion of Virginia. John Leland, a travling Baptist minister, preached a sermon in the presence of Jefferson on what he called the "incestuous connection of the Church and State." This sermon converted Jefferson to that doctrine. His persistent opposition to a State religion caused him to be stigmatized as an infidel. Mrs Madison was a communicant at the Episcopal Church. Her husband was not. Monroe was a member of an Episcopal parish, but not a communicant. John Quincy Adams, though a member of a Unitarian parish in Massachusetts, held a pew in the Second Presbyterian Church in Washington, of which he was a trustee, and there he worshipped until his death. In a violent snow-storm I saw him wading to church, on Sunday, with the snow up to his loins, and he was one of the seven persons who composed the congregation that morning. He never communed in the church. General Jackson was a regular attendant on Sunday morning. He worshiped in the Second Presbyterian Church, until his quarrel with the pastor about Mrs. Easton.—He then left for the 4½ street Church, and took his Cabinet with him. He always came early and entered his pew, which was on the right side of the church as he entered. Earnest and devout attention he gave to the sermon. It was his custom, at the close of the sermon, to rise in his pew and make a very courteous bow to the minister, and then walk out, the audience waiting in their pews till he reached the vestibule. Van Buren's home church at Kinderhook was Reformed Dutch. At Washington, when he went to church, he attended St. John's (Episcopal) in the morning. Mrs. Polk was a devout and earnest Christian woman, belonging to the Presbyterian Church.

Mr. Polk accompanied his family every Sunday morning to the Four-and-a-half-street Church. Mrs. Polk usually attended the Second Presbyterian Church in the afternoon, where she held a pew. The President seldom accompanied her at the second service. General Taylor was not a professor of religion. When he attended church he sat in the President's pew at St. John's. President Pierce was a member of the Congregational Society in Concord, New Hampshire, but not of the Church. He was very regular in his attendance at the Presbyterian church in Washington on the morning of each Sabbath. Buchanan attended the small Presbyterian Church on F. street, near the White House. This was his religious home during his long Senatoriol life. He was no member. He came to worship usually on foot and unattened. His pew was on the side, about two-thirds of the way from the door. He usually walked up the aisle with a cat-like step, went to the extreme end of the pew, curled himself up in the corner, and seldom moved till the service closed. He rarely spoke to any one, and hastened from the church to the White House. Mrs. Lincoln was a communicant at the New York avenue Presbyterian church. Mr. Lincoln was not. But he was a regular attendant of worship. Johnson seems to have no religious home, but rather inclined to the Lutherans. General Grant is not a professor of religion. He is a trustee of the National Methodist church at Washington, and is a frequent attendant on the preaching of that church.

ANOTHER CLUE TO SIR JOHN FRANKLIN'S FATE.

Another clue to the mystery enveloping the fate of Sir John Franklin and his fellow-voyagers amid the ice-bound regions of the Arctic zone, has been discovered. By the recent arrival from the polar regions, of Dr. Smith, of Dublin, late and interesting intelligence is afforded respecting the search now prosecuted by Captain Hall, for traces of remains of the Erebus and Terror and their crews. In August, 1867, Captain Hall was at Repulse Bay, preparing an expedition to King William's Island, where, from information obtained from the Esquimaux, it seems beyond doubt that important records and some relics of the Franklin expedition are preserved. The point to be reached was four hundred and fifty miles north of Repulse Bay, and in a country where the inhabitants were known to be hostile to Europeans and to the Esquimaux living at Repulse Bay. It was the opinion of the latter, who are known as King Albert's followers, that Franklin's men had been killed by King William's men.—According to native information, the last six survivors of the party built a cavern or rude vault of stones, and deposited in it some documents and such articles as they had no use for, or would be an incumbrance to them in their journey northward. It is Dr. Hall's object to reach this depository, and from his well known reputation for intrepidity, energy and endurance, it may be presumed that no dangers or hardships will deter him from his purpose.

It will doubtless cause a thrill of mingled surprise and sorrow to learn that after all that has been done to discover the Franklin expedition, two of its members survived to as recent a period as 1864. They were Capt.—Crozier and a steward of one of the lost vessels, who died near Southampton island while endeavoring to make their way to that place, in the belief that they would their find a whaling vessle which would carry them home. Dr. Hall is confident of the identity of Capt. Crozier with one of the men so described to have perished, and has in his possession several articles that belonged to him. The fate of the two unfortunate men, who, after eighteen years wandering in Arctic wastes, had so nearly reached a place within reach of civilized men, forms one of the saddest chapters in the melancholy and mysterious story of the said expedition. —*New York Sun.*

In the revelations we read of 7 churches, 7 candlesticks, 7 stars 7 trumpets, 7 plagues, 7 thunders, 7 veils, 7 angels, and a 7 headed monster.

AN EDITOR IN A NEW SUIT.—Mr. Clark, editor of the Kendall (Ill.) *Clarion*, is a man who loves a joke, and never lets an opportunity slip that promises a dish of fun. Here is one of his last:

"Disguised—We have lately got a a new suit of clothes, and no man could be more effectually disguised. We look like a gentlemen. Upon first putting it on we looked like a cat in a strange garret, and for a long time thought we were swapped off.

We went to the house and scared the baby almost into fits; wife asked if we wanted to see Mr. Clark, and said he was at the office; went there and pretty soon a man came in with a strip of paper in his hand. He asked if the editor was in; told him we thought not; asked him if he wished to see him particularly; said he wanted him to pay that bill; told him we didn't believe he'd be in; business man left. We started to the house again; met a couple of young ladies, one of them asked the other, "what handsome stranger is that?" In our dilemma we met a friend and told him who we were, and got him to introduce us to our wife, who is is now as proud of us as she can be.

READING FOR FARMERS' BOYS.—An intelligent and thrifty farmer says: "But for the co-operation of my boys I should have failed. I worked hard, and so did they. The oldest is nearly twenty-one, and the other boys in the neighborhood, younger, have left their parents; mine have stuck to me when I most needed their services. I attribute this result to the fact that I have tried to make home pleasant for them. I have furnished them with attractive and useful reading; and when night comes and the day's labor is ended, instead of running with other boys to the railway station and adjoining towns they gather round the great lamp, and become absorded in their books."

Such is substantially the testimony of a farmer who has known how hard the struggle for a footing on free soil without a capital is, and how valuable and comparatively cheap are the aids which good reading brings him.—*Ex.*

WHEREFORE, says an exchange, so many bald men and so few bald women? Why is it that the skulls of young men in their twenties shine like billiard balls? Why this spectacle of bald headed barbers, rubbing the dry tops of bald headed men, recommending invigorators, warranted to produce bushy locks in less than a fortnight, while bald headed spectators and middle aged men with wigs, look on with derisive smiles; though all the while their wives and and daughters throng our streets with crowns of beauty; and charming actresses toss their blonde tresses in luxurous profusion on the stages of our theatres. Our male population will no doubt take a serene satisfaction in saying that it is because men have more to worry them than women; and have the trouble not only to contrive how to support themselves, but also how to support their wives and daughters. Probably however, that is not the reason. Women of course have finer and longer hair than men, but men destroy their hair by making ovens of their heads under their hats, and thus heat their craniums until the hair dies out for want of air. Men should take off their hats oftener or ventilate them better.

THE PEOPLE TO BE CHEATED.

Congress assembled on Monday last. This is the same old rump which undertook to impeach and remove President Johnson, which invented reconstruction and which is the parent of all the deviltries foisted upon the country since the fourth of March, 1867. Its existence is fast drawing to a close. Three months more will finish its career of infamy. What it may be capable of in its hours of doting senility, remains to be seen. It is given out that it will attempt to "amend" the Constitution by proposing to the legislatures of the States the insertion in that instrument of a clause conferring suffrage upon all "men," irrespective of race or color. Sumner is ready with a proposition of this character, as is also Kelley, of Philadelphia, and, doubtless, there are other radical tinkers who are anxious to be the first to put this black patch upon the Constitution. We have no doubt that this will be attempted, and we, therefore, call upon the people to prepare to resist, by every legal means, this threatened invasion of their reserved rights.

The right to regulate the suffrage is one which neither people nor States delegated to the federal government in the Constitution. It is one of the rights which was reserved to them. No one can dispute this truth. Even the Chicago Platform, upon which Grant was elected, acknowledges this fact, by declaring that the people of the "loyal states" must be permitted to settle the question of suffrage for themselves. But, now, a Congress, elected without reference to this matter, and upon the special denial of the radical party that it was its intention to establish negro suffrage, is about to introduce a scheme by which the people are to be defrauded of this sacred right. The amendment regulating the suffrage, is to be proposed to the legislatures already elected, the members of which were chosen without a thought on the part of the voters that the persons whom they were selecting to represent them would be called upon to decide a question of this character. These Legislatures are *to vote away forever this dear and cherished popular right, and the people themselves are not to be consulted in regard to it at all.* Such is the present programme of the radical leaders.

In our judgment the member of the legislature who votes for the ratification of this amendment, is no better than a highway robber and ought to be summarily dealt with by his constituents. He deliberately robs the people of their undelegated right to settle the question of suffrage for themselves. If he be a radical, he knowingly violates his pledges to his own party, made in his endorsement of the Chicago Platform. Neither statute nor common law provides for the punishment of such a criminal, because his offence is against a natural right, reserved by the people, and uncontrolled by any written law. A coat of tar-and-feathers would, however, answer the ends of justice.

Meanwhile, let men of all parties, who would not sell their birth-right for a mess of pottage, *demand of their representatives in the State Legislature*, that they submit this suffrage question to *the people* for settlement. If suffrage is to be conferred upon the Negro, or the Chinaman, or the Indian, let *the people*, and not the politicians, do it. Who will dare to advocate the contrary?

A NUT FOR LUTZ.

The Radical speakers and newspapers boasted throughout the late canvass that the poor man paid no taxes, but that the burdens of the government fell only upon the shoulders of the rich, who were able to bear them. No one persisted more in this mendacious doctrine than the editor of the *Inquirer*. On several occasions we exposed this fallacy through the columns of the GAZETTE. We knew—as well as every intelligent man in the country knows—that we were right, and that the Radical cry that the poor man paid no taxes was but an electioneering dodge. For the benefit of the would-be "poor man's friend," we commend the following to the philosopher of the *Inquirer*.

At Richmond, Virginia, on Tuesday last, Mr. Chase, in his charge to the Grand Jury of the District Court said:

"We admonish you, gentlemen, to exercise your utmost vigilance on the subject. Frauds in revenue are an evil which the whole land cries out upon, and frauds upon the revenue are frauds upon the whole body of taxpayers, *and no one who eats, drinks, wears, or is sheltered under any roof, however humble, now escapes from taxation.*"

It is thus seen that Chief Justice Chase takes the same views of the oppression of the present system of taxation, brought about by the "rings" and the monied aristocracy of the country, as the Democratic party holds on this subject. These combinations are powerful, and can, nay, have already shifted too large a proportion of the taxes of the country upon the laboring classes. It is to remedy, so far as can be done by the courts, this great wrong that the Chief Justice so earnestly calls the attention of the Grand Jury to the frauds that are daily committed in revenue. It is not for the benefit of the rich and opulent that these evils are to be ferreted out but for the good of the humblest citizen, for no one *"however humble, now escapes taxation."* Put this in your pipe, Mr. Lutz, and smoke it at your leisure.

A NEGRO OFFICE-HOLDER.

It seems that Gov. Geary has determined not only to carry the load which his Deputy Secretary of the Commonwealth, Gara, laid upon his shoulders in his letter to the recent African convention in Harrisburg, but to weight himself even more heavily by issuing a commission of office to a negro, in defiance of the constitution which he is sworn to support.

One Peter Smith, an African, has recently been commissioned by the Governor, as a constable, or policeman, for the town of Helfenstein, Schuylkill county.

The Governor, by this action, has set at naught the constitution of Pennsylvania, which, as every one knows, does not recognize the negro as qualified either to vote or hold office. He has deliberately broken his solemn oath to maintain that constitution, as well as insulted every white man in the state, by issuing this commission. Doubtless, the Governor imagines that the course he has seen fit to pursue, will recommend him to the radical party for re-nomination. But we are much mistaken if there be not men, even in that party, to whom such a bid for the favor of the ultra radicals will bring nothing but disgust. Perhaps the Governor will find out, some day, that the white men of Pennsylvania are not, after all, so very anxious to take the negro into political partnership. If the coming legislature dare to cheat the people out of the right to settle the suffrage question for themselves, the Governor will learn, to his heart's content, what it is to stand upon a Negro Suffrage Platform in the Keystone State.

NOW IS THE TIME.

Next year there will be a most important political canvass. The Democracy, taught in the severe school of experience, will nominate their *strongest* men, determined to win the fight. In view of the coming struggle, it is highly important that efforts to increase our vote should be made at once and kept up until the election. *Now* is the time to work. At present their are some cool heads in the country. Don't wait until radical falsehoods heat them. During the quiet of winter, people will read and reflect.—Will Democratic politicians see to it that the proper kind of reading is furnished, so that the people may not be led to indulge in reflection that is false and baneful? A little effort would place a good Democratic journal in the hands of such intelligent, thinking "Republicans," as possess the honesty and independence to do right in spite of their party. Shall this be done?

THE SESSION OF CONGRESS.—The rolls of the House of Representatives which assembled on Monday last bear the names of 233 Representatives, including the delegations from Georgia and Alabama. Four members of the present House have died namely: Messrs. Finney and Stevens of Pennsylvania, Mann of Louisiana, and Hinds of Arkansas. The death of neither of these has been announced officially in the House, and one of the first features of this session will be the passage of the customary resolutions and the delivery of the usual addresses by the colleagues of the deceased members. Mr. Finney was able to occupy his seat only about a week. He is succeeded by S. Newton Pottis. Mr. Stevens is succeded by C. J. Dickey, and either Jones or Menard will succeed Mr. Mann, the election being contested. Menard is a colored man. The Senate rolls contain the names of 66 members, including Messrs. Hill and Miller of Georgia, and Messrs. Spencer and Warner of Alabama, being an increase of 13 since the vote on impeachment.—Of this number the terms of office of 22 will expire on the 4th of March next, namely: Messrs. Bayard of Delaware, Buckalew of Pennsylvania, Chandler of Michigan, Conness of California, Dixon of Connecticut Doolittle of Wisconsin, Edmunds of Vermont, (re-elected,) Frelinghuysen of New Jersey, Henderson of Missouri, Hendricks, of Indiana, Morgan of New York, Morrill of Maine, Patterson of Tennessee, Ramsey of Minnesota, Sprague of of Rhode Island, (re-elected,) Stewart of Nevada, Sumner of Massachusetts, Tipton of Nebraska, Van Winkle of West Virginia, Welch of Florida, Whyte of Maryland, and Wade of Ohio.

A respectable and wealthy citizen of Iowa is in New York trying to dispose of his property with a view to leaving his State. He says he will not live in a State where the white men do not think themselves any better than negroes. He thinks that striking the word *white* out of the constitution must cause a reduction in the value of property in that State.

The papers say, "the Radicals are not quite sure whether they can trust Grant." It is only the natural suspicion which thieves must have of each other.

Battle of Gen. Custer with the Savages---Defeat of the Indians and Destruction of Their Villages---Casualties, etc.

IN THE FIELD, INDIAN TERRITORY, *November 28, via Hays City, Dec. 1.*—The Cheyenne village of Black Kettle's band was captured yesterday morning at daylight by the Seventh Cavalry Regiment, under Gen. Custer, on the north fork of the Witchela river. One hundred and fifty Indians were killed and the bodies left in our possession, and 53 taken prisoners. An immense amount of property was destroyed, consisting of 51 lodges, nearly 1,000 horses and mules, arms, ammunition, horse equipments, robes, provisions, etc. Captain Louis Hamilton was killed in the first charge. Brevet Lieut. Col. Barrietz, was seriously if not mortally wounded. Major Elliott is missing. One man of the 7th was killed and 14 wounded. The tribe is badly crippled.—The Indians, including women and boys, fought with great desperation from the cover of bushes and grass. When driven out of the village many of the wounded effected their escape. The victory was complete, and will be a wholesome lesson to the Cheyennes. Black Kettle, the principle chief, was killed. The casualties are Major George L. H. Elliott, Captain Louis M. Hamilton and 19 enlisted men killed and the wounded are Brevet Lieut. Col. Albert Barrietz, Captain Seventh Infantry, supposed mortally; Brevet Lieut. Col. T. W. Custer and Second Lieut. J. M. Marsh, slightly, and 11 enlisted men. Col. Benton had a horse shot under him. Gen. Custer returns here, will refit, and again take the field.

Two white children were re-captured. One white woman and one boy ten years old were brutally murdered by the Indian women when the attack commenced.

St. Louis, Dec. 2.—Gen. Sheridan has issued field orders No. 6, in which he thanks his troops and congratulates General Custer on his recent victory over the Indians. The following property was captured at Indian Village, viz: 875 ponies, 1,123 buffalo robes and skins, 535 pounds powder, 1,050 pounds lead, 4,000 arrows, 700 pounds tobacco, besides rifles, pistols, bows, lariats, and an immense quantity of dried meats and other provisions.

HORRIBLE AFFAIR NEAR CORNING, NEW YORK.—*A Girl Murders a Child, then Roasts it on a Stove.*—We have received the particulars of a horrible affair which occurred about a mile from Corning, Wednesday last, November 25th. At the place indicated there resided a family named McCullough, consisting of Mr. and Mrs. McCullough and their three children, aged, respectively five, three and one and a half years.—The husband is represented to be a shiftless, indolent fellow, and his wife has been compelled to labor to support the family. She has lately been selling sewing machines, and on Wednesday last started on a trip through the surrounding country for that purpose, leaving her children in charge of a girl named Barber, aged eighteen years, whom she hired for the purpose. In the evening the youngest child cried and was fretful, when, it is said, Barber threw it upon the floor and stamped upon it until it was almost lifeless. Then taking the little one up she held its hands upon a hot stove until they were terribly burned. The child was too far gone to utter more than a faint scream while it was being roasted. Barber then threatened to throw it into a well, when the other children, who had witnessed the whole thing, told her that if she did they would tell their mother. The girl then wrapped the child in a blanket or bed-quilt, and placed it in a bed, where it was found by the mother, who returned home Wednesday night, dead. The marks of brutality were plainly visible on its little body, and, after questioning the children, information was given the coroner.—After an investigation he ordered the arrest of Barber, called a jury, and an inquest was in session yesterday. The inquest will be concluded to-day, and it is said there can be no doubt as to the finding of the jury.—*Rochester (N. Y.) Union 28th ultimo.*

ANOTHER TENNESSEE HORROR—*Butchery of an Entire Family.*—A little over a week ago a frightful tragedy was enacted in Fentress county, Tennessee, near the Kentucky line. There lived in that section a family composed of an old lady, some eighty years of of age, and her three grandchildren—one a young lady, another a boy of twelve and the third a small girl. In the neighborhood was a man named Logsdon, ill-favored of face and of little character, who in some way became cognizant of the fact that the old lady had in her possession a considerable amount of money, the back pay of her dead son, who had been a soldier, and he resolved to secure it at all hazards. Proceeding one night to the house she occupied, Logsdon, with knife and revolver, murdered the grand-daughter, and left the boy for dead also. All the money he found, however, was $75, and with this he fled. The boy, who fortunately survived, next day told the tale of the bloody work of the night, and the sheriff of Fentress county, as soon as he could be notified, started immediately in pursuit of the murderer with a warrant. He passed through Clinton county, in this State, where he was joined by the sheriff of Clinton, and together the two sheriffs made their way to Hustonville, Lincoln county. Here they captured the murderer at the house of his father, even before he had changed his clothing he wore when he committed the terrible crime, and which bore the blood-stains of the cruel murder.—*Louisville Courier.*

If all the legal white votes in this country had been polled, and no illegal negro votes had been polled, the popular majority against Grant would be over a million. Let Grant put that in his pipe and smoke it.

The Recent Disasters in Switzerland.

An official account of the terrible disasters which have rrcently happened in Switzerland, the losses from which can be counted by millions, has been received from the American legation at the State Department, at Washington. By a fearful rainfall which succeeded an unusually dry season, much of the cantons of Grisons, Tessin, the Valais, Glaris and St. Gall and Uri have, in consequence thereof, been literally desolated by inundations. The mountain rivulets and cascades suddenly swelled to torrents swept villages, hamlets, cattle, roads, bridges, dikes, earth and stone as *debris* upon the fields below, which are thus rendered forever hopeless wastes. The appeal of the authorities of the Canton of Tessin to their more fortuuate fellow countrymen officially sets forth the effects of the storm, and this description may be taken as applicable, in a greater or less extent, to the other cantons named:

"In the night of the 27th and 28th September, our canton was struck by a frightful catastrophe. A volume of water percipitated itself as a deluge into the valleys of Blenio, of the Levantine, the Riviera, he Vernasco and the Maggia. This scourge was accompanied by the destruction of buildings and by the fall of trees, by earth and rock slides in such a manner as if all the elements had combined to rival each other in the work of devastation. All the beautiful country that extends from Giornice and Olivone to Biasca, unrecognizable to-day, is nothing but a mass of *debris*. Roads, bridges and dykes are destroyed; houses, mills and stables have been swept away; the rich forests, the fertile fields and vineyards, but yesterday flourishing, have disappeared; cattle have perished by the thousands, and that which adds to the consternation is the loss of more than fifty persons, some surprised in their sleep, and others the victims of their devotion, while attemting to rescue and assist the drowning. Fathers and mothers of families have been crushed under the falling houses, and their bodies swept off by the rushing waters. The disaster surpasses all that imagination can picture. Thousands of families have been struck by the calamity, and many of them have been reduced to the last extremity—without roof, without clothes, without bread, and several deprived of their fathers."

Appeals have been made to the benevolent for aid to the despoiled peasantry of Switzerland, whose foresight could not have evaded the terrible blow which has fallen upon them, and their cry of distress goes up not only to their own countrymen in the United States, but with equal force to the benevolent among Americans and residents here of whatever origin or nationality they may be.

A Beautiful Colored Lady.

A preacher in one of the most fashionable churches of this city said in his sermon last Sunday: "I once babtized a colored lady in the Atlantic Ocean, and although she was as black as she could conveniently be, she looked beautiful." "Colored lady" is a phrase in harmony with what are called the advanced ideas of the age, and with the Africanized religion of the majority of our churches. This wench also "looked beautiful" to the admiring minister. He held her in his arms as the cold Atlantic wave struck her velvety skin, no doubt she clung to him with hope, if not with tenderness. Then it was that she looked beautiful. Then it was that the radiant "colored lady" won the admiration of the reverend gentleman. The impression was so strong that it survived the shock of time, and so indellibly stamped his memory, that he makes it the subject of a sermon, long years afterwards. An admiring throng of refined white people, of old men and young maidens—are treated to the merits of a beautiful black wench, as something exceeding all ordinary human excellence. The object of this kind of negro preaching, is to educate the people in the political doctrines of the Mongrel party. Hardly a prayer is now offered, or sermon preached, in which some admiring reference is not made to the negro. His name is oftener spoken in the pulpit than the name of Jesus Christ, and the ribald infidel is less condemned than the doubter in the especial excellence of the negro. Such vile political sinks are these negro-worshipping pulpits.—*N. Y. Day-Book.*

Buffalo Moving North.

Buffalo in unusual numbers have during the past month, crossed the railroad track on the Union Pacific Road, E. D., between Fort Harker and Hays City, mostly in the vicinity of Bunker Hill. A gentleman just from Hays City says the train was detained three times in order to allow of the passing of the uncounted bellowing herds which sweep over the Plains. The herds this season are moving north, a fact quite unusual, as generally at the approach of winter these animals, obeying the laws of instinct, migrate southward, where the climate is milder and grass more plentiful. The cause of the buffalo moving towards the north this season is said by old hunters and ranchemen to be the presence of great numbers of troops and Indians on their accustomed feeding grounds. However this may be, there is promise of fine hunting the coming winter in the territory watered by the Republican fork, between the Platte and Smoky Hill routes, where they will be undisturbed by the Indians, as the latter have mostly been forced to evacuate that region.

Exciting Rumors from France.

Gold advanced to 136¾ at New York on Saturday, attributed in the gold room to alleged private dispatches from Europe which represent the condition of affairs in France as being very alarming. It is stated that two such dispatches report serious trouble in Paris between the people and the government, and it was even rumored that Napoleon is dead. This latter report, however, is likely to have arisen from the alleged failure of the Emperor's strength, bodily and mental, within the last two weeks. All of the stories, however, it is since learned, are groundless, as is evinced by cable dispatches from London. The sensation has probably served its purpose in creating a panic in commercial circles in London and a shiver in New York.

CRIME IN LIVERPOOL—Major Greig, head constable of Liverpool, in his annual report, just made, says the increase of juvenile offenders is this year very marked, and drunkenness has greatly increased, while education is much less. The whole number of indictable offenses, however, is less than last year, being 4,657 against 4,762 in 1867. Of 27 cases of murder, 23 were for the murder of infants. To check the increase of infanticide, a reward of $100 was offered for the arrest and conviction of any person guilty of this crime, but without avail. The record of drunkenness is the highest ever made, being an increase over the preceeding year of 2,519 cases. The constable says he is unable to account for this increase. The two blackest hours in the week for producing drunkenness are from ten to twelve on Saturday night. The entire number of persons who were drunk when apprehended was 16,770, or 2,847 more than last year. The cases for drunkenness alone were 14,451. A comparative statement for the last eight years of persons dealt with by the justices shows that education has been growing less; of the 26,702 persons apprehended during the year, only 222 could read and write well; there were 10,904 who could neither read nor write.

Extensive Fire in Philadelphia.

PHILADELPHIA, Dec. 3.—At 6 o'clock P. M., a fire broke out in the lower story of a large building on Market street, about Sixth, occupied as a wholesale drug store by T. Morris Perot & Co. Almost instantly the flames enveloped the whole building, and in less than a quarter of an hour not a particle of it remained except walls.—The fire then extended east and west, destroying on either side large buildings, occupied by dealers in hats, shoes, hardware, furniture, etc. The losses are very heavy. It is reported that a fireman fell from the roof of an adjoining building into the flames. This was the most destructive fire that has occurred here for some time.

The following are the sufferers by the fire: Morris Perot & Co., drugs, total loss; Kilburn & Gates, furniture, total loss; Gellers & Bros., cloth, total loss; Wm. W. Paul, boots and shoes, and Graff & Jarden, damaged by water; E. A. Eagle & Co., wholesale grocers, and Doyle, Supplee & Walker, do. The stock of Perot & Co., was valued at $250,000. The total loss will probably reach $500,000.

Going—the Old Year.

Coming—the Holidays.

On hand—a surplus of snow.

Delighted—the children at the near approach of Christmas.

Scarce—Greenbacks, butter and Radicals who don't want an office.

The late snow storms have stopped work on the buildings in progress in this town.

A modern prophet says we are to have eighteen snows this winter—two of them very deep.

Ladies—remember that this is the last month in Leap Year. Improve the few moments yet left you.

Finished—the grading of Juliana street. Some of the pavements are left in bad condition for the winter.

Gentlemen who dye their hair and whiskers should not complain of the ladies who use powder on their faces. Tit for tat.

Somebody has flattered Boston by saying it has the prettiest women in America. That somebody has never visited Bedford.

A man named Farner stole a horse and buggy from a stable in Johnstown, and was arrested in Somerset county and put in jail.

A little boy in Huntingdon died from the effects of drinking some liniment containing hartzhorn, which his father had been using.

An editor in an adjoining county boasts of the Thanksgiving dinner he helped to eat. Poor fellow! No doubt warm victuals tasted good to him.

Huntingdon is to have a Building Association, a stove manufacturing company and a furniture manufactory. "Ye ancient borough" is looking up.

The "Devil's Brigade" is the name given to that class of fellows who linger about the church-doors, staring ladies out of countenance. Very appropriate.

Plenty—applicants for the post office. Those seriously inclined that way had better apply to Nasby at once. Grant has no policy on the P. M. subject.

What is snow? A sentimental "local" responds: White feathers falling from celestial doves; the sky showering white blossoms on the grave of the departed year.

The Teachers' Institute of Huntingdon county meets on the 14th, that of Somerset on the 21st. Our County Superintendent, H. W. Fisher, Esq., is announced to be present at both.

IF your feet itch and burn, buy a bottle of Heckerman's Regelon. Sold at Heckerman's drug store. Price 25 cts. A sure cure.

BLOWN DOWN.—During the terrible storm of Monday night, the iron smoke stack of the Crystal Mills owned by the Messrs. Hartley was blown down and completely demolished.

THE VICISSITUDES OF FORTUNE cannot destroy mental culture. Education rises above panics and fluctuations of trade. Knowledge and refinement are better than gold. Your daughters can enjoy superior advantages at the Hollidaysburg Seminary.

RUNAWAY.—Last Thursday the excellent span of horses owned by Daniel Cessna and driven by him on that day, became frightened and ran away. One of them ran against a tree with such violence that he was instantly killed.

BEAR CAPTURED.—We learn from the last *Inquirer* that Jacob Hardman, John Hollar, William Hill, Levi Carpenter and Samuel May, of Harrison tp., captured a bear on Buffalo mountain, near Buffalo Mills. He netted one hundred and eleven pounds.

IN TOWN.—David Over, Esq., of the Hollidaysburg *Register*, was in town last week, attending Court. David looks as though editing a bitter Radical sheet in Blair county agrees with him. He's for Geary for next Governor.

GOOD HUNTING.—The "local" of the Harrisburg *Patriot* brags of a hunter in that vicinity, who has shot six wild turkeys this season. We can beat this easily. Mr. Geo. Stiffler of this place has killed eleven, and a party of three others have shot over thirty. Anything else in our line, Mr. Local?

SUDDEN DEATH.—On last Tuesday, W. T. Daugherty, Esq., died very suddenly at his residence in this borough. Up to that day the Judge was enjoying good health, having attended the court through all its sessions last week. We deeply sympathize with the family which has thus suddenly been bereft of its head.

COL. ROBERT FYAN.—The many friends of this gentleman, in this county, will be gratified to learn that he has been re-elected to the office of President Judge of the district in which he resides, in Missouri. Mr. Fyan is a Radical of the strictest sect, but his general popularity may be adjudged from the fact that in his dirtrict, with the exception of Grant, he leads the whole Radical ticket. Col. Fyan is a son of Robert Fyan, Esq., the oldest merchant in this place.

CORNED BEEF AND CURED HAMS.—Many persons do not know how to put up Pork and Beef so that it will keep good and sweet for a year or more; it is easily done when you once know how, and costs but a trifle. Call at Heckerman's Drug Store and get some of the preparation and instructions how to use it. All who have used this cure for meat, say it is the best, and will use no other.

THE CEMETERY.—There will be a Festival and Grand Concert on Tuesday, Wednesday and Thursday evenings, between Christmas and New Year days, in the Court Hall of this place, for the benefit of the Cemetery Ass'n. These entertainments promise to be the best of the kind ever gotten up in Bedford. Let our people respond in such a manner as will make these concerts a success, and result profitably to the Cemetery Association.

SNOW.—On last Sunday night and Monday morning a deeper snow fell than we have had for years. The snow of the latter part of last week was duly taken advantage of by parties who delight to be on "runners," and even in this first little jaunt of sledding we could record a number of "spills," "runaways," and other etceteras, incident to sleigh-riding. If the present weather continues, what a merry time the jingling bells and the marriageable belles will have.

TO THE GIRLS.—Girls beware of transient young men. Never suffer the addresses of a stranger; recollect that a steady farmer boy or a mechanic is worth all the floating trash in the world. The allurements of a dandy Jack, with a gold chain about his neck, and a walking stick in his paw, some honest tailor's coat on his back, and a brainless skull, can never make up for the loss of a father's house and a good mother's counsel, and the society of brothers and sisters; their affections last, while those of a rich looking young man are lost in the wane of the honeymoon. 'Tis true, girls, be not deceived.

VALUABLE SALE.—We learn from undoubted authority that the Lemnos Furnace and lands belonging thereto, were bought by the celebrated Iron Company of Johnstown,—Wood, Morrell & Co. Knowing something of the character of this Company, and the assurance they have given to re-build the old works we hail their advent in our neighboring township, as a pledge that the incalculable treasures of Iron Ore known to exist in our valleys are about being developed.—*Bedford Co. Press.*

ADJOURNED COURT.—The causes tried at the adjourned court, last week, were few, but each cause occupied a good deal of time, it being necessary to hold a number of night sessions. The following were disposed of:

Solomon Dicken vs. Moses Dicken's Ex'or. Feigned Issue. Jury find for Defendant.

William Rogers vs The Riddlesburg Coal & Iron Co. Ejectment. Jury find for the Defendants.

Simon Walter *et al* vs Joseph Helsel *et al*. Ejectment. Jury find for Defendants.

P. G. Morgart, Committee, &c., vs. Daniel Harshberger. Summons in Assumpsit. Verdict for Plaintiff for $211.16.

David Over vs G. W. Rupp *et al*. Summons in Assumpsit. Jury find for Plaintiff for $1292.52.

JUVENILE PROFANITY.—We know no vice which needs a more thorough reformation than the low and vulgar practice of profane swearing. It seems that boys labor under the mistaken idea that it looks manly—that it adds to their ephemeral importance, and if they can place themselves behind a segar, and blaspheme their maker with impunity, they are acting like men! No one who walks the streets of our town, in the evening, especially, can fail to see the prevalence of this abominable and wicked practice. It appears to be on the increase. Our schools for moral or religious instruction seem to have done little toward the suppression of a habit, the great extent of which argues a laxity of morals which does no great credit to us as a people.

ADVERTISING APHORISMS.—If you don't mean to mind your business, it will not pay to advertise.

Bread is the staff of human life, and advertising is the staff of life in trade.

Don't attempt to advertise unless you have a good stock of a meritorious article.

Newspaper advertisements are good of their kind, but they cannot take the place of circulars and hand-bills.

Hand-bills and circulars are good of their kind, but they cannot take the place of newspaper advertisements.

No bell can ring so loudly as a good advertisement. People will believe what they see, rather than what they hear.

Bonner, for several successive years, invested in advertising all the profits of the preceeding year. Now see what he is!

Quitting advertising in dull times is like tearing out a dam because the water is low. Either plan will prevent good times from ever coming.

The wise man of Scripture evidently did not refer to advertising when he said, "Cast thy bread upon the waters and after many days thou shalt see it again," or he would have added, "with interest."

If you would add to your business, put your "ad." into our list.

A FIXED FACT—That Irvine, of the *Regulator*, is selling to everybody from his large stock of superior boots and shoes, furnishing goods, queensware, glassware, groceries, &c. If our readers desire to select their goods from a large assortment in these various departments, Irvine's is the place to do it.

ADVICE TO LOVERS.—Never risk a scolding by neglecting to supply your betrothed with PHALON'S "FLOR DE MAYO," the new perfume for the handkerchief. It is a sad thing for an engaged couple to have a misunderstanding about a (s)cent. Sold by all druggists.

PHILADELPHIA, Apr. 12th, 1866.

JACOB SCHEETZ—Dear Sir: It gives me pleasure to bear testimony to the efficacy of "*Scheetz's Celebrated Bitter Cordial.*" My daughter, who has been afflicted for the last two years with Indigestion and Dyspepsia, for which she had the services of medical skill, and also tried various remedies without avail, was at last induced to try your "Celebrated Bitter Cordial," and I am happy to say her health has been entirely restored by its use. I would therefore recommend it to others suffering from the same cause, as I believe it to be an invaluable remedy in such cases.

Very respectfully,
R. W. EASTLACK, 2306 Green St.

☞Read SCHEETZ'S standing advertisement in another column.

The excellent American Organ, manufactured by S. D. & H. W. Smith, Boston, used at the late convention, deserves an especial notice, a large double banked instrument of 14 stops, whose heavy sub-bass notes were distinctly heard above the whole chorus of 350 voices, while in accompanying the recitatives in the oratorios, the effect of the soft stops and tremolo were very striking. We notice that the use of these beautiful instruments is beginning to be appreciated by musical societies in the largest cities.—*Burlington Free Press.*

Many years ago the writer of this notice and an invalid physician, while visiting the Island of St. Croix for their health, experienced and witnessed many surprising and beneficial effects of the Rum there produced upon many of the invalids who were, like ourselves, seeking health, obtained a full history of its medical virtues. He was delighted and surprised, and determined to make it the basis of a *Tonic and Restorative Medicine.* The result of his labors was a glorious success for himself and suffering humanity. The celebrated Plantation Bitters was thus made known to the world. Being an article of real merit, founded on new principles, and relying wholly upon the vegetable kingdom for its medicinal effects, it worked a rapid revolution in the treatment of physical debility.

The Bedford Gazette.

Friday Morning, December 11, 1868.

THE PEOPLE TO BE CHEATED.

Congress assembled on Monday last. This is the same old rump which undertook to impeach and remove President Johnson, which invented reconstruction and which is the parent of all the deviltries foisted upon the country since the fourth of March, 1867. Its existence is fast drawing to a close. Three months more will finish its career of infamy. What it may be capable of in its hours of doting senility, remains to be seen. It is given out that it will attempt to "amend" the Constitution by proposing to the legislatures of the States the insertion in that instrument of a clause conferring suffrage upon all "men," irrespective of race or color. Sumner is ready with a proposition of this character, as is also Kelley, of Philadelphia, and, doubtless, there are other radical tinkers who are anxious to be the first to put this black patch upon the Constitution. We have no doubt that this will be attempted, and we, therefore, call upon the people to prepare to resist, by every legal means, this threatened invasion of their reserved rights.

The right to regulate the suffrage is one which neither people nor States delegated to the federal government in the Constitution. It is one of the rights which was reserved to them. No one can dispute this truth. Even the Chicago Platform, upon which Grant was elected, acknowledges this fact, by declaring that the people of the "loyal states" must be permitted to settle the question of suffrage for themselves. But, now, a Congress, elected without reference to this matter, and upon the special denial of the radical party that it was its intention to establish negro suffrage, is about to introduce a scheme by which the people are to be defrauded of this sacred right. The amendment regulating the suffrage, is to be proposed to the legislatures already elected, the members of which were chosen without a thought on the part of the voters that the persons whom they were selecting to represent them would be called upon to decide a question of this character. These Legislatures are *to vote away forever this dear and cherished popular right, and the people themselves are not to be consulted in regard to it at all.* Such is the present programme of the radical leaders.

In our judgment the member of the legislature who votes for the ratification of this amendment, is no better than a highway robber and ought to be summarily dealt with by his constituents. He deliberately robs the people of their undelegated right to settle the question of suffrage for themselves. If he be a radical, he knowingly violates his pledges to his own party, made in his endorsement of the Chicago Platform. Neither statute nor common law provides for the punishment of such a criminal, because his offence is against a natural right, reserved by the people, and uncontrolled by any written law. A coat of tar-and-feathers would, however, answer the ends of justice.

Meanwhile, let men of all parties, who would not sell their birth-right for a mess of pottage, *demand of their representatives in the State Legislature*, that they submit this suffrage question to *the people* for settlement. If suffrage is to be conferred upon the Negro, or the Chinaman, or the Indian, let *the people*, and not the politicians, do it. Who will dare to advocate the contrary?

A NUT FOR LUTZ.

The Radical speakers and newspapers boasted throughout the late canvass that the poor man paid no taxes, but that the burdens of the government fell only upon the shoulders of the rich, who were able to bear them. No one persisted more in this mendacious doctrine than the editor of the *Inquirer*. On several occasions we exposed this fallacy through the columns of the GAZETTE. We knew—as well as every intelligent man in the country knows—that we were right, and that the Radical cry that the poor man paid no taxes was but an electioneering dodge. For the benefit of the would-be "poor man's friend," we commend the following to the philosopher of the *Inquirer*.

At Richmond, Virginia, on Tuesday last, Mr. Chase, in his charge to the Grand Jury of the District Court said:

"We admonish you, gentlemen, to exercise your utmost vigilance on the subject. Frauds in revenue are an evil which the whole land cries out upon, and frauds upon the revenue are frauds upon the whole body of taxpayers, *and no one who eats, drinks, wears, or is sheltered under any roof, however humble, now escapes from taxation.*"

It is thus seen that Chief Justice Chase takes the same views of the oppression of the present system of taxation, brought about by the "rings" and the monied aristocracy of the country, as the Democratic party holds on this subject. These combinations are powerful, and can, nay, have already shifted too large a proportion of the taxes of the country upon the laboring classes. It is to remedy, so far as can be done by the courts, this great wrong that the Chief Justice so earnestly calls the attention of the Grand Jury to the frauds that are daily committed in revenue. It is not for the benefit of the rich and opulent that these evils are to be ferreted out but for the good of the humblest citizen, for no one *"however humble, now escapes taxation."* Put this in your pipe, Mr. Lutz, and smoke it at your leisure.

A NEGRO OFFICE-HOLDER.

It seems that Gov. Geary has determined not only to carry the load which his Deputy Secretary of the Commonwealth, Gara, laid upon his shoulders in his letter to the recent African convention in Harrisburg, but to weight himself even more heaviiy by issuing a commission of office to a negro, in defiance of the constitution which he is sworn to support.

One Peter Smith, an African, has recently been commissioned by the Governor, as a constable, or policeman, for the town of Helfenstein, Schuylkill county.

The Governor, by this action, has set at naught the constitution of Pennsylvania, which, as every one knows, does not recognize the negro as qualified either to vote or hold office. He has deliberately broken his solemn oath to maintain that constitution, as well as insulted every white man in the state, by issuing this commission. Doubtless, the Governor imagines that the course he has seen fit to pursue, will recommend him to the radical party for re-nomination. But we are much mistaken if there be not men, even in that party, to whom such a bid for the favor of the ultra radicals will bring nothing but disgust. Perhaps the Governor will find out, some day, that the white men of Pennsylvania are not, after all, so very anxious to take the negro into political partnership. If the coming legislature dare to cheat the people out of the right to settle the suffrage question for themselves, the Governor will learn, to his heart's content, what it is to stand upon a Negro Suffrage Platform in the Keystone State.

NOW IS THE TIME.

Next year there will be a most important political canvass. The Democracy, taught in the severe school of experience, will nominate their *strongest* men, determined to win the fight. In view of the coming struggle, it is highly important that efforts to increase our vote should be made at once and kept up until the election. *Now* is the time to work. At present their are some cool heads in the country. Don't wait until radical falsehoods heat them. During the quiet of winter, people will read and reflect.—Will Democratic politicians see to it that the proper kind of reading is furnished, so that the people may not be led to indulge in reflection that is false and baneful? A little effort would place a good Democratic journal in the hands of such intelligent, thinking "Republicans," as possess the honesty and independence to do right in spite of their party. Shall this be done?

THE SESSION OF CONGRESS.—The rolls of the House of Representatives which assembled on Monday last bear the names of 233 Representatives, including the delegations from Georgia and Alabama. Four members of the present House have died namely: Messrs. Finney and Stevens of Pennsylvania, Mann of Louisiana, and Hinds of Arkansas. The death of neither of these has been announced officially in the House, and one of the first features of this session will be the passage of the customary resolutions and the delivery of the usual addresses by the colleagues of the deceased members. Mr. Finney was able to occupy his seat only about a week. He is succeeded by S. Newton Pottis. Mr. Stevens is succeded by C. J. Dickey, and either Jones or Menard will succeed Mr. Mann, the election being contested. Menard is a colored man. The Senate rolls contain the names of 66 members, including Messrs. Hill and Miller of Georgia, and Messrs. Spencer and Warner of Alabama, being an increase of 13 since the vote on impeachment.—Of this number the terms of office of 22 will expire on the 4th of March next, namely: Messrs. Bayard of Delaware, Buckalew of Pennsylvania, Chandler of Michigan, Conness of California, Dixon of Connecticut Doolittle of Wisconsin, Edmunds of Vermont, (re-elected,) Frelinghuysen of New Jersey, Henderson of Missouri, Hendricks, of Indiana, Morgan of New York, Morrill of Maine, Patterson of Tennessee, Ramsey of Minnesota, Sprague of of Rhode Island, (re-elected,) Stewart of Nevada, Sumner of Massachusetts, Tipton of Nebraska, Van Winkle of West Virginia, Welch of Florida, Whyte of Maryland, and Wade of Ohio.

A respectable and wealthy citizen of Iowa is in New York trying to dispose of his property with a view to leaving his State. He says he will not live in a State where the white men do not think themselves any better than negroes. He thinks that striking the word *white* out of the constitution must cause a reduction in the value of property in that State.

The papers say, "the Radicals are not quite sure whether they can trust Grant." It is only the natural suspicion which thieves must have of each other.

Battle of Gen. Custer with the Savages---Defeat of the Indians and Destruction of Their Villages---Casualties, etc.

IN THE FIELD, INDIAN TERRITORY, *November 28, via Hays City, Dec. 1.*—The Cheyenne village of Black Kettle's band was captured yesterday morning at daylight by the Seventh Cavalry Regiment, under Gen. Custer, on the north fork of the Witchela river. One hundred and fifty Indians were killed and the bodies left in our possession, and 53 taken prisoners. An immense amount of property was destroyed, consisting of 51 lodges, nearly 1,000 horses and mules, arms, ammunition, horse equipments, robes, provisions, etc. Captain Louis Hamilton was killed in the first charge. Brevet Lieut. Col. Barrietz, was seriously if not mortally wounded. Major Elliott is missing. One man of the 7th was killed and 14 wounded. The tribe is badly crippled.—The Indians, including women and boys, fought with great desperation from the cover of bushes and grass. When driven out of the village many of the wounded effected their escape. The victory was complete, and will be a wholesome lesson to the Cheyennes. Black Kettle, the principle chief, was killed. The casualties are Major George L. H. Elliott, Captain Louis M. Hamilton and 19 enlisted men killed and the wounded are Brevet Lieut. Col. Albert Barrietz, Captain Seventh Infantry, supposed mortally; Brevet Lieut. Col. T. W. Custer and Second Lieut. J. M. Marsh, slightly, and 11 enlisted men. Col. Benton had a horse shot under him. Gen. Custer returns here, will refit, and again take the field.

Two white children were re-captured. One white woman and one boy ten years old were brutally murdered by the Indian women when the attack commenced.

St. Louis, Dec. 2.—Gen. Sheridan has issued field orders No. 6, in which he thanks his troops and congratulates General Custer on his recent victory over the Indians. The following property was captured at Indian Village, viz: 875 ponies, 1,123 buffalo robes and skins, 535 pounds powder, 1,050 pounds lead, 4,000 arrows, 700 pounds tobacco, besides rifles, pistols, bows, lariats, and an immense quantity of dried meats and other provisions.

HORRIBLE AFFAIR NEAR CORNING, NEW YORK.—*A Girl Murders a Child, then Roasts it on a Stove.*—We have received the particulars of a horrible affair which occurred about a mile from Corning, Wednesday last, November 25th. At the place indicated there resided a family named McCullough, consisting of Mr. and Mrs. McCullough and their three children, aged, respectively five, three and one and a half years.—The husband is represented to be a shiftless, indolent fellow, and his wife has been compelled to labor to support the family. She has lately been selling sewing machines, and on Wednesday last started on a trip through the surrounding country for that purpose, leaving her children in charge of a girl named Barber, aged eighteen years, whom she hired for the purpose. In the evening the youngest child cried and was fretful, when, it is said, Barber threw it upon the floor and stamped upon it until it was almost lifeless. Then taking the little one up she held its hands upon a hot stove until they were terribly burned. The child was too far gone to utter more than a faint scream while it was being roasted. Barber then threatened to throw it into a well, when the other children, who had witnessed the whole thing, told her that if she did they would tell their mother. The girl then wrapped the child in a blanket or bed-quilt, and placed it in a bed, where it was found by the mother, who returned home Wednesday night, dead. The marks of brutality were plainly visible on its little body, and, after questioning the children, information was given the coroner.—After an investigation he ordered the arrest of Barber, called a jury, and an inquest was in session yesterday. The inquest will be concluded to-day, and it is said there can be no doubt as to the finding of the jury.—*Rochester (N. Y.) Union 28th ultimo.*

ANOTHER TENNESSEE HORROR—*Butchery of an Entire Family.*—A little over a week ago a frightful tragedy was enacted in Fentress county, Tennessee, near the Kentucky line. There lived in that section a family composed of an old lady, some eighty years of of age, and her three grandchildren—one a young lady, another a boy of twelve and the third a small girl. In the neighborhood was a man named Logsdon, ill-favored of face and of little character, who in some way became cognizant of the fact that the old lady had in her possession a considerable amount of money, the back pay of her dead son, who had been a soldier, and he resolved to secure it at all hazards. Proceeding one night to the house she occupied, Logsdon, with knife and revolver, murdered the grand-daughter, and left the boy for dead also. All the money he found, however, was $75, and with this he fled. The boy, who fortunately survived, next day told the tale of the bloody work of the night, and the sheriff of Fentress county, as soon as he could be notified, started immediately in pursuit of the murderer with a warrant. He passed through Clinton county, in this State, where he was joined by the sheriff of Clinton, and together the two sheriffs made their way to Hustonville, Lincoln county. Here they captured the murderer at the house of his father, even before he had changed his clothing he wore when he committed the terrible crime, and which bore the blood-stains of the cruel murder.—*Louisville Courier.*

The Recent Disasters in Switzerland.

An official account of the terrible disasters which have rrcently happened in Switzerland, the losses from which can be counted by millions, has been received from the American legation at the State Department, at Washington. By a fearful rainfall which succeeded an unusually dry season, much of the cantons of Grisons, Tessin, the Valais, Glaris and St. Gall and Uri have, in consequence thereof, been literally desolated by inundations. The mountain rivulets and cascades suddenly swelled to torrents swept villages, hamlets, cattle, roads, bridges, dikes, earth and stone as *debris* upon the fields below, which are thus rendered forever hopeless wastes. The appeal of the authorities of the Canton of Tessin to their more fortunate fellow countrymen officially sets forth the effects of the storm, and this description may be taken as applicable, in a greater or less extent, to the other cantons named:

"In the night of the 27th and 28th September, our canton was struck by a frightful catastrophe. A volume of water percipitated itself as a deluge into the valleys of Blenio, of the Levantine, the Riviera, he Vernasco and the Maggia. This scourge was accompanied by the destruction of buildings and by the fall of trees, by earth and rock slides in such a manner as if all the elements had combined to rival each other in the work of devastation. All the beautiful country that extends from Giornice and Olivone to Biasca, unrecognizable to-day, is nothing but a mass of *debris*. Roads, bridges and dykes are destroyed; houses, mills and stables have been swept away; the rich forests, the fertile fields and vineyards, but yesterday flourishing, have disappeared; cattle have perished by the thousands, and that which adds to the consternation is the loss of more than fifty persons, some surprised in their sleep, and others the victims of their devotion, while attemting to rescue and assist the drowning. Fathers and mothers of families have been crushed under the falling houses, and their bodies swept off by the rushing waters. The disaster surpasses all that imagination can picture. Thousands of families have been struck by the calamity, and many of them have been reduced to the last extremity—without roof, without clothes, without bread, and several deprived of their fathers."

Appeals have been made to the benevolent for aid to the despoiled peasantry of Switzerland, whose foresight could not have evaded the terrible blow which has fallen upon them, and their cry of distress goes up not only to their own countrymen in the United States, but with equal force to the benevolent among Americans and residents here of whatever origin or nationality they may be.

A Beautiful Colored Lady.

A preacher in one of the most fashionable churches of this city said in his sermon last Sunday: "I once babtized a colored lady in the Atlantic Ocean, and although she was as black as she could conveniently be, she looked beautiful." "Colored lady" is a phrase in harmony with what are called the advanced ideas of the age, and with the Africanized religion of the majority of our churches. This wench also "looked beautiful" to the admiring minister. He held her in his arms as the cold Atlantic wave struck her velvety skin, no doubt she clung to him with hope, if not with tenderness. Then it was that she looked beautiful. Then it was that the radiant "colored lady" won the admiration of the reverend gentleman. The impression was so strong that it survived the shock of time, and so indellibly stamped his memory, that he makes it the subject of a sermon, long years afterwards. An admiring throng of refined white people, of old men and young maidens—are treated to the merits of a beautiful black wench, as something exceeding all ordinary human excellence. The object of this kind of negro preaching, is to educate the people in the political doctrines of the Mongrel party. Hardly a prayer is now offered, or sermon preached, in which some admiring reference is not made to the negro. His name is oftener spoken in the pulpit than the name of Jesus Christ, and the ribald infidel is less condemned than the doubter in the especial excellence of the negro. Such vile political sinks are these negro-worshipping pulpits.—*N. Y. Day-Book.*

Buffalo Moving North.

Buffalo in unusual numbers have during the past month, crossed the railroad track on the Union Pacific Road, E. D., between Fort Harker and Hays City, mostly in the vicinity of Bunker Hill. A gentleman just from Hays City says the train was detained three times in order to allow of the passing of the uncounted bellowing herds which sweep over the Plains. The herds this season are moving north, a fact quite unusual, as generally at the approach of winter these animals, obeying the laws of instinct, migrate southward, where the climate is milder and grass more plentiful. The cause of the buffalo moving towards the north this season is said by old hunters and ranchemen to be the presence of great numbers of troops and Indians on their accustomed feeding grounds. However this may be, there is promise of fine hunting the coming winter in the territory watered by the Republican fork, between the Platte and Smoky Hill routes, where they will be undisturbed by the Indians, as the latter have mostly been forced to evacuate that region.

A handsome California gold nugget, thickly veined, and nearly one-half covered with gold, was found recently in the Lincoln tunnel, Butte county, 2,500 feet below the top of the hill. It contained about five pounds of gold, worth $18 per ounce, and its value was about $1,080.

The tobacco inspections in Lynchburg, Virginia, from January 1st to December 1st, 1868, were 5,701 hhds., averaging 700 pounds each, and 8,457,100 pounds loose tobacco; total pounds, 13,141,800.

Exciting Rumors from France.

Gold advanced to 136¾ at New York on Saturday, attributed in the gold room to alleged private dispatches from Europe which represent the condition of affairs in France as being very alarming. It is stated that two such dispatches report serious trouble in Paris between the people and the government, and it was even rumored that Napoleon is dead. This latter report, however, is likely to have arisen from the alleged failure of the Emperor's strength, bodily and mental, within the last two weeks. All of the stories, however, it is since learned, are groundless, as is evinced by cable dispatches from London. The sensation has probably served its purpose in creating a panic in commercial circles in London and a shiver in New York.

CRIME IN LIVERPOOL—Major Greig, head constable of Liverpool, in his annual report, just made, says the increase of juvenile offenders is this year very marked, and drunkenness has greatly increased, while education is much less. The whole number of indictable offenses, however, is less than last year, being 4,657 against 4,762 in 1867. Of 27 cases of murder, 23 were for the murder of infants. To check the increase of infanticide, a reward of $100 was offered for the arrest and conviction of any person guilty of this crime, but without avail. The record of drunkenness is the highest ever made, being an increase over the preceeding year of 2,519 cases. The constable says he is unable to account for this increase. The two blackest hours in the week for producing drunkenness are from ten to twelve on Saturday night. The entire number of persons who were drunk when apprehended was 16,770, or 2,847 more than last year. The cases for drunkenness alone were 14,451. A comparative statement for the last eight years of persons dealt with by the justices shows that education has been growing less; of the 26,702 persons apprehended during the year, only 222 could read and write well; there were 10,904 who could neither read nor write.

Extensive Fire in Philadelphia.

PHILADELPHIA, Dec. 3.—At 6 o'clock P. M., a fire broke out in the lower story of a large building on Market street, about Sixth, occupied as a wholesale drug store by T. Morris Perot & Co. Almost instantly the flames enveloped the whole building, and in less than a quarter of an hour not a particle of it remained except walls.—The fire then extended east and west, destroying on either side large buildings, occupied by dealers in hats, shoes, hardware, furniture, etc. The losses are very heavy. It is reported that a fireman fell from the roof of an adjoining building into the flames. This was the most destructive fire that has occurred here for some time.

The following are the sufferers by the fire: Morris Perot & Co., drugs, total loss; Kilburn & Gates, furniture, total loss; Gellers & Bros., cloth, total loss; Wm. W. Paul, boots and shoes, and Graff & Jarden, damaged by water; E. A. Eagle & Co., wholesale grocers, and Doyle, Supplee & Walker, do. The stock of Perot & Co., was valued at $250,000. The total loss will probably reach $500,000.

The late snow storms have stopped work on the buildings in progress in this town.

A modern prophet says we are to have eighteen snows this winter—two of them very deep.

Ladies—remember that this is the last month in Leap Year. Improve the few moments yet left you.

Finished—the grading of Juliana street. Some of the pavements are left in bad condition for the winter.

Gentlemen who dye their hair and whiskers should not complain of the ladies who use powder on their faces. Tit for tat.

Somebody has flattered Boston by saying it has the prettiest women in America. That somebody has never visited Bedford.

A man named Farner stole a horse and buggy from a stable in Johnstown, and was arrested in Somerset county and put in jail.

A little boy in Huntingdon died from the effects of drinking some liniment containing hartzhorn, which his father had been using.

An editor in an adjoining county boasts of the Thanksgiving dinner he helped to eat. Poor fellow! No doubt warm victuals tasted good to him.

Huntingdon is to have a Building Association, a stove manufacturing company and a furniture manufactory. "Ye ancient borough" is looking up.

The "Devil's Brigade" is the name given to that class of fellows who linger about the church-doors, staring ladies out of countenance. Very appropriate.

Plenty—applicants for the post office. Those seriously inclined that way had better apply to Nasby at once. Grant has no policy on the P. M. subject.

What is snow? A sentimental "local" responds: White feathers falling from celestial doves; the sky showering white blossoms on the grave of the departed year.

The Teachers' Institute of Huntingdon county meets on the 14th, that of Somerset on the 21st. Our County Superintendent, H. W. Fisher, Esq., is announced to be present at both.

IF your feet itch and burn, buy a bottle of Heckerman's Regelon. Sold at Heckerman's drug store. Price 25 cts. A sure cure.

BLOWN DOWN.—During the terrible storm of Monday night, the iron smoke stack of the Crystal Mills owned by the Messrs. Hartley was blown down and completely demolished.

THE VICISSITUDES OF FORTUNE cannot destroy mental culture. Education rises above panics and fluctuations of trade. Knowledge and refinement are better than gold. Your daughters can enjoy superior advantages at the Hollidaysburg Seminary.

RUNAWAY.—Last Thursday the excellent span of horses owned by Daniel Cessna and driven by him on that day, became frightened and ran away. One of them ran against a tree with such violence that he was instantly killed.

BEAR CAPTURED.—We learn from the last *Inquirer* that Jacob Hardman, John Hollar, William Hill, Levi Carpenter and Samuel May, of Harrison tp., captured a bear on Buffalo mountain, near Buffalo Mills. He netted one hundred and eleven pounds.

IN TOWN.—David Over, Esq., of the Hollidaysburg *Register*, was in town last week, attending Court. David looks as though editing a bitter Radical sheet in Blair county agrees with him. He's for Geary for next Governor.

GOOD HUNTING.—The "local" of the Harrisburg *Patriot* brags of a hunter in that vicinity, who has shot six wild turkeys this season. We can beat this easily. Mr. Geo. Stiffler of this place has killed eleven, and a party of three others have shot over thirty. Anything else in our line, Mr. Local?

SUDDEN DEATH.—On last Tuesday, W. T. Daugherty, Esq., died very suddenly at his residence in this borough. Up to that day the Judge was enjoying good health, having attended the court through all its sessions last week. We deeply sympathize with the family which has thus suddenly been bereft of its head.

COL. ROBERT FYAN.—The many friends of this gentleman, in this county, will be gratified to learn that he has been re-elected to the office of President Judge of the district in which he resides, in Missouri. Mr. Fyan is a Radical of the strictest sect, but his general popularity may be adjudged from the fact that in his dirtrict, with the exception of Grant, he leads the whole Radical ticket. Col. Fyan is a son of Robert Fyan, Esq., the oldest merchant in this place.

CORNED BEEF AND CURED HAMS.—Many persons do not know how to put up Pork and Beef so that it will keep good and sweet for a year or more; it is easily done when you once know how, and costs but a trifle. Call at Heckerman's Drug Store and get some of the preparation and instructions how to use it. All who have used this cure for meat, say it is the best, and will use no other.

THE CEMETERY.—There will be a Festival and Grand Concert on Tuesday, Wednesday and Thursday evenings, between Christmas and New Year days, in the Court Hall of this place, for the benefit of the Cemetery Ass'n. These entertainments promise to be the best of the kind ever gotten up in Bedford. Let our people respond in such a manner as will make these concerts a success, and result profitably to the Cemetery Association.

SNOW.—On last Sunday night and Monday morning a deeper snow fell than we have had for years. The snow of the latter part of last week was duly taken advantage of by parties who delight to be on "runners," and even in this first little jaunt of sledding we could record a number of "spills," "runaways," and other etceteras, incident to sleigh-riding. If the present weather continues, what a merry time the jingling bells and the marriageable belles will have.

TO THE GIRLS.—Girls beware of transient young men. Never suffer the addresses of a stranger; recollect that a steady farmer boy or a mechanic is worth all the floating trash in the world. The allurements of a dandy Jack, with a gold chain about his neck, and a walking stick in his paw, some honest tailor's coat on his back, and a brainless skull, can never make up for the loss of a father's house and a good mother's counsel, and the society of brothers and sisters; their affections last, while those of a rich looking young man are lost in the wane of the honeymoon. 'Tis true, girls, be not deceived.

VALUABLE SALE.—We learn from undoubted authority that the Lemnos Furnace and lands belonging thereto, were bought by the celebrated Iron Company of Johnstown,—Wood, Morrell & Co. Knowing something of the character of this Company, and the assurance they have given to re-build the old works we hail their advent in our neighboring township, as a pledge that the incalculable treasures of Iron Ore known to exist in our valleys are about being developed.—*Bedford Co. Press.*

ADJOURNED COURT.—The causes tried at the adjourned court, last week, were few, but each cause occupied a good deal of time, it being necessary to hold a number of night sessions. The following were disposed of:

Solomon Dicken vs. Moses Dicken's Ex'or. Feigned Issue. Jury find for Defendant.

William Rogers vs The Riddlesburg Coal & Iron Co. Ejectment. Jury find for the Defendants.

Simon Walter *et al* vs Joseph Helsel *et al*. Ejectment. Jury find for Defendants.

P. G. Morgart, Committee, &c., vs. Daniel Harshberger. Summons in Assumpsit. Verdict for Plaintiff for $211.16.

David Over vs G. W. Rupp *et al*. Summons in Assumpsit. Jury find for Plaintiff for $1292.52.

JUVENILE PROFANITY.—We know no vice which needs a more thorough reformation than the low and vulgar practice of profane swearing. It seems that boys labor under the mistaken idea that it looks manly—that it adds to their ephemeral importance, and if they can place themselves behind a segar, and blaspheme their maker with impunity, they are acting like men! No one who walks the streets of our town, in the evening, especially, can fail to see the prevalence of this abominable and wicked practice. It appears to be on the increase. Our schools for moral or religious instruction seem to have done little toward the suppression of a habit, the great extent of which argues a laxity of morals which does no great credit to us as a people.

ADVERTISING APHORISMS.—If you don't mean to mind your business, it will not pay to advertise.

Bread is the staff of human life, and advertising is the staff of life in trade.

Don't attempt to advertise unless you have a good stock of a meritorious article.

Newspaper advertisements are good of their kind, but they cannot take the place of circulars and hand-bills.

Hand-bills and circulars are good of their kind, but they cannot take the place of newspaper advertisements.

No bell can ring so loudly as a good advertisement. People will believe what they see, rather than what they hear.

Bonner, for several successive years, invested in advertising all the profits of the preceeding year. Now see what he is!

Quitting advertising in dull times is like tearing out a dam because the water is low. Either plan will prevent good times from ever coming.

The wise man of Scripture evidently did not refer to advertising when he said, "Cast thy bread upon the waters and after many days thou shalt see it again," or he would have added, "with interest."

If you would add to your business, put your "ad." into our list.

A FIXED FACT—That Irvine, of the *Regulator*, is selling to everybody from his large stock of superior boots and shoes, furnishing goods, queensware, glassware, groceries, &c. If our readers desire to select their goods from a large assortment in these various departments, Irvine's is the place to do it.

ADVICE TO LOVERS.—Never risk a scolding by neglecting to supply your betrothed with PHALON'S "FLOR DE MAYO," the new perfume for the handkerchief. It is a sad thing for an engaged couple to have a misunderstanding about a (s)cent. Sold by all druggists.

WOOD WANTED, immediately, at this office, on Subscription.

PHILADELPHIA, Apr. 12th, 1866.

JACOB SCHEETZ—Dear Sir: It gives me pleasure to bear testimony to the efficacy of "*Scheetz's Celebrated Bitter Cordial.*" My daughter, who has been afflicted for the last two years with Indigestion and Dyspepsia, for which she had the services of medical skill, and also tried various remedies without avail, was at last induced to try your "Celebrated Bitter Cordial," and I am happy to say her health has been entirely restored by its use. I would therefore recommend it to others suffering from the same cause, as I believe it to be an invaluable remedy in such cases.

Very respectfully,
R. W. EASTLACK, 2306 Green St.
☞Read SCHEETZ'S standing advertisement in another column.

The excellent American Organ, manufactured by S. D. & H. W. Smith, Boston, used at the late convention, deserves an especial notice, a large double banked instrument of 14 stops, whose heavy sub-bass notes were distinctly heard above the whole chorus of 350 voices, while in accompanying the recitatives in the oratorios, the effect of the soft stops and tremolo were very striking. We notice that the use of these beautiful instruments is beginning to be appreciated by musical societies in the largest cities.—*Burlington Free Press.*

Many years ago the writer of this notice and an invalid physician, while visiting the Island of St. Croix for their health, experienced and witnessed many surprising and beneficial effects of the Rum there produced upon many of the invalids who were, like ourselves, seeking health, obtained a full history of its medical virtues. He was delighted and surprised, and determined to make it the basis of a *Tonic and Restorative Medicine.* The result of his labors was a glorious success for himself and suffering humanity. The celebrated Plantation Bitters was thus made known to the world. Being an article of real merit, founded on new principles, and relying wholly upon the vegetable kingdom for its medicinal effects, it worked a rapid revolution in the treatment of physical debility.

MAGNOLIA WATER.—Superior to the best imported German Cologne, and sold at half the price.

THE GREAT

AMERICAN COMBINATION

Button Hole Overseaming

AND

SEWING MACHINE.

Its Wonderful Popularity Conclusive Proof of its Great Merit.

The increase in the demand for this valuable machine has been TEN FOLD during the last seven months of its first year before the public.

This *grand and surprising success is unprecedented* in the history of sewing-machines, and we feel fully warranted in claiming that

IT HAS NO EQUAL.

BEING ABSOLUTELY THE BEST

FAMILY MACHINE

IN THE WORLD,

And Intrinsically the Cheapest.

It is really two machines combined in one, (by a simple and beautiful mechanical arrangement,) making both the Shuttle or Lock-stitch, and the Overseaming and Button-hole stitch, with equal facility and perfection. It executes in the *very best manner* every variety of sewing, such as Hemming, Felling, Cording, Tucking, Stitching, Braiding and Quilting, Gathering and sewing on, (done at the same time,) and in addition, Overseams, Embroiders on the edge, and makes beautiful Button and Eyelet-holes in all fabrics.

OUR NEW
FAMILY
SEWING MACHINE.

The superior merits of the "Singer" Machines over all others, for either Family use or Manufacturing purposes, are so well established and so generally admitted, that an enumeration of their relative excellences is no longer considered necessary.

OUR NEW FAMILY MACHINE,

which has been brought to perfection regardless of time, labor, or expense, is now confidently presented to the public as incomparably the Best Sewing Machine in existence. The machine in question is Simple, Compact, Durable and Beautiful. It is quiet, light running, and

CAPABLE OF PERFORMING A RANGE AND VARIETY OF WORK

never before attempted upon a single Machine,—using either SILK, TWIST, LINEN OR COTTON THREAD, and sewing with equal facility the very finest and coarsest materials, and anything between the two extremes, in the most beautiful and substantial manner. Its attachments for Hemming, Braiding, Cording, Tucking, Quilting, Felling, Trimming Binding, etc., are Novel and Practical, and have been invented and adjusted especially for this Machine.

New designs of the Unique, Useful, and Popular Folding Tops and Cabinet Cases, peculiar to the Machines manufactured by this Company, have been prepared for enclosing the new Machine.

A faint idea, however, can at best be conveyed through the medium of a (necessarily) limited advertisement; and we therefore urge every person in quest of a Sewing Machine, by all means to examine and test, if they can possibly do so, all the leading rival Machines before making a purchase. A selection can then be made understandingly. Branches or agencies for supplying the "Singer" Machines will be found in nearly every city and town throughout the civilized world, where Machines will be cheerfully exhibited, and any information promptly furnished. NATURE'S GREAT RESTORER.

SCHEETZ'S

CELEBRATED

BITTER CORDIAL.

This medical preparation is now offered to the public as a reliable substitute for the many worthless compounds which now flood the market. It is purely vegetable, composed of various herbs, gathered from the great storehouse of nature, and selected with the utmost care. It is not recommended as a CURE ALL, but by its direct and salutary influence upon the Heart, Liver, Kidneys, Lungs, Stomach and Bowels, it acts both as a preventive and cure for many of the diseases to which those organs are subject. It is a reliable Family Medicine, and can be taken by either infant or adult with the same beneficial results. It is a certain, prompt and speedy remedy for DIARRHŒA DYSENTERY, BOWEL COMPLAINT, DYSPEPSIA, LOWNESS OF SPIRITS, FAINTINGS, SICK-HEADACHE, &c. For Chills and Fevers of all kinds, it is far better and safer than quinine, without any of its pernicious effects. It creates an appetite, proves a powerful digester of food, and will counteract the effects of liquor in a few minutes.

MANHOOD: HOW LOST, HOW RESTORED. Just published, a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the radical cure (without medicine) of SPERMATORRHŒA, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriages, etc.; also, CONSUMPTION, EPILEPSY and FITS, induced by self-indulgence or sexual extravagance.

☞ Price in a sealed envelope, only 6 cents.

The celebrated author, in this admirable essay, clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

☞ This Lecture should be in the hands of every youth and every man in the land.

AYER'S

HAIR VIGOR,

FOR THE RENOVATION OF THE HAIR.

THE GREAT DESIDERATUM OF THE AGE.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color and the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts longer on the hair, giving it a rich glossy lustre and a grateful perfume.

AYER'S CATHARTIC PILLS,

For all the purposes of a Laxative Medicine.

Perhaps no one Medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative Pill. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:—

FOR DYSPEPSIA or INDIGESTION, LISTLESSNESS, LANGUOR and LOSS of APPETITE, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

FOR LIVER COMPLAINT and its various symptoms, BILLIOUS HEADACHE, SICK HEADACHE, JAUNDICE or GREEN SICKNESS, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

FOR DYSENTERY or DIARRHŒA, but one mild dose is generally required.

FOR RHEUMATISM, GOUT, GRAVEL, PALPITATION OF THE HEART, PAIN IN THE SIDE, BACK and LOINS, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

FOR DROPSY and DROPSICAL SWELLINGS they should be taken in large and frequent doses to produce the effect of a drastic purge.

FOR SUPPRESSION a large dose should be taken as it produces the desired effect by sympathy.

As a DINNER PILL, take one or two pills to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these PILLS makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

AYER'S SARSAPARILLA,

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length cure, by the use of this Sarsaparilla: St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears, and other eruptions of visible forms of Scrofulous disease. Also in the more concealed forms, as Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia, and the various Ulcerous affections of the muscular and nervous systems.

Syphilis or Venereal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. Leucorrhœa or Whites, Uterine Ulcerations and Female Diseases, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. Rheumatism and Gout, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also Liver Complaints, Torpidity, Congestion or Inflammation of the Liver, and Jaundice, when arising, as they often do, from the rankling poisons in the blood. This SARSAPARILLA is a great restorer for the strength and vigor of the system. Those who are Languid and Listless, Despondent, Sleepless, and troubled with Nervous Apprehensions or Fears, or any of the affections symptomatic of Weakness, will find immediate relief and convincing evidence of its restorative power upon trial.

AYER'S CHERRY PECTORAL,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints.
